

BIRD CHASER™

- Solar Powered
- Motion-Activated
- Mounts On Walls and Fences
- Water Resistant
- Time or PIR Mode

Tired of crows, blackbirds, pigeons, or sparrows disturbing your property? The Sol-Mate® Solar Bird Chaser is an easy and effective way to keep these birds away.

This innovative unit uses the power of the sun to provide up to 7 days of trouble free operation with PIR mode. The Solar Bird Chaser utilizes a sound that is irritating to birds. The sound is activated by an infrared motion sensor when the birds are located within a range of up to 30 feet. The predatory bird sounds help rid your yard, farm, or garden of unwanted birds.
