

SOLmate

Window Thermometer

See the temperature inside or out

Solar Powered

Available in Green, Silver or Grey

The Sol-Mate Window Thermometer® is solar powered, displays temperature, minimum and maximum values, and even shows temperature trends. Its sleek European design features a transparent housing that is held directly onto your window with a strong suction cup.

- Sleek transparent housing
- Large LCD for easy viewing
- Displays indoor or outdoor temperature
- Displays min/max temperature
- Detachable suction cup
- Temperature in °C or °F

Cloudy skies are a non-issue for the Sol-Mate Window Thermometer. It is equipped with a rechargeable battery that keeps it working through Mother Nature's mood swings. Stick it on a window by the door, so you do not forget your sweater. Or place it on the inside of your greenhouse for a quick check on your important plants.

Never depend on unreliable forecasts again. The Sol-Mate Window Thermometer allows you to be your own weatherperson.
