

Super Sonic MOLE CHASER®

The most versatile Molechaser®

The Super Sonic Molechaser® eliminates your common burrowing rodent problem quickly and humanely without affecting your pets or disturbing your land's appearance. Custom designed to your needs, this device gives you two different modes to choose from. In Super Sonic mode, the unit emits a powerful signal perfect for dealing with heavy mole infestations.

The Long Life mode yields an extended battery life up to 12 months and is ideal for maintaining your yard. You can decide which approach is best for you at the flip of a switch. This unit is guaranteed for life and can be buried flush in your lawn, so that it is virtually invisible. In addition, you can change the batteries without removing the unit from the ground. The Super Sonic Molechaser® is the ultimate in versatility offering strength and longevity in one unit.

- Two Modes Of Operation
- Up To 11,250 Sq. Feet (1/4 Acre) Coverage
- Extra Long Battery Life
- Rodents Are Chased Away Unharmmed
- Does Not Affect Pets
